## 2017 Study Plan

### Bachelor of Applied Biology (Major in Plant Product Development)

Last updated: April 2017

#### Enrolment Advice

- It is your responsibility to ensure you are correctly enrolled. Enrolment into courses outside of the Study Plan and Enrolment Advice listed could affect your eligibility to graduate.
- A total of **96 units** are required to complete the Bachelor of Applied Biology program.
- 24 units must be completed for each of Levels I & II, plus a total of 48 units at Levels III and IV.
- Please consult your Program Coordinator  
<http://www.sciences.adelaide.edu.au/current-students/contacts/coordinators/course-coordinators.html> or contact the Faculty of Sciences Office for advice.

#### Majors

Students must complete a major in one of the following areas:

- Plant Product Development
- Biochemistry
- Genetics
- Microbiology & Immunology

Students must complete set courses at Levels II and III in order to meet the requirements of a major. For the requirements of each major

please refer to the [Program Rules](http://calendar.adelaide.edu.au/faculty/sciences)  
(<http://calendar.adelaide.edu.au/faculty/sciences>)

#### Global Experience

The University of Adelaide is committed to offering its students the opportunity to study overseas through a Global Learning Experience. This experience is available in a wide range of degrees and can include student exchange (for either one or two full semesters), study tours, internships and placements. There are many exciting opportunities in Europe, Asia, the Americas, Africa, and Oceania ranging from a few weeks to a full academic year.

\* The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Level 2 of Semester 2. To find Global Learning opportunities available in your study area please consult your Program Coordinator

<http://www.sciences.adelaide.edu.au/current-students/contacts/coordinators/> or click [Global Experiences](#).

#### Electives and Broadening

- Please refer to your Program Rules for electives and all other requirements <http://calendar.adelaide.edu.au/>
- Ensure that you check any restrictions and pre-requisites in Course Planner: <https://access.adelaide.edu.au/courses/search.asp>
