

## Workshop: International Funding Sources

Have you ever thought about seeking research funding from international schemes, but weren't sure where to start? Come along to hear staff from Research Services and experienced researchers reflect on the opportunities and assistance that is out there.

**Date:** Friday 28 July 2017

**Time:** 12:00 – 1:00 PM followed by a light lunch

**Venue:** Room 213/214, The Braggs, North Terrace Campus

Bookings are essential. Please RSVP by July 21 via <https://rds-international-funding-2017.eventbrite.com.au>

## Indicative Dates for ARC Funding Rounds

The ARC has set indicative dates for the many funding schemes opening this year, including:

- **Laureate Fellowships:** Rules available: August; Open: September; Close: October
- **Industrial Transformation Centres & Hubs:** Rules available: August; Open: October; Close: November
- **Future Fellowships:** Rules available: August; Open: October; Close: November

If you are intending to apply, please contact [jim.deed@adelaide.edu.au](mailto:jim.deed@adelaide.edu.au). For more ARC details, please visit: [www.arc.gov.au/important-dates#soon](http://www.arc.gov.au/important-dates#soon)

## Support for ARC Linkage Development

The Faculty will be running a targeted round of our Grant Development Scheme in August for ARC Linkage applications. In addition to the internal expertise provided during this program, participants in this round may be eligible to access limited funds (claimable upon submission of the application to the ARC) for the purpose of Linkage proposal development.

A formal call for participants will be circulated, however those interested in participating in the August round can express their interest at any time via [kelly.banwell@adelaide.edu.au](mailto:kelly.banwell@adelaide.edu.au).

Further information on the Grant Development Scheme is available at: [www.sciences.adelaide.edu.au/research/research-support/grant-development/](http://www.sciences.adelaide.edu.au/research/research-support/grant-development/).

## Valuing and Rewarding Intangible Activities in Academic Careers

Career progression in academia is largely quantified by grant success, publication output and other tangible milestones. But what about all the other things researchers are expected to do for the common good, such as serving on committees, reviewing grants and papers, and mentoring others? This article further explores the issue: <http://bit.ly/2tpVe5S>

## Fulbright Scholarships – Now Open

The Australian-American Fulbright Commission offers Scholarships to Australian citizens across all career stages. Awardees take part in a bi-lateral academic and cultural exchange, pursuing research or study at a U.S. institution. Applications are currently open for commencement in the U.S. between July 2018 and June 2019.

Applications close **1 August 2017**. For more information on the various Scholarships, eligibility criteria and application requirements, visit: [www.fulbright.com.au/applicants/australian-applicants/](http://www.fulbright.com.au/applicants/australian-applicants/)

## Congratulations

Congratulations to researchers successful in recent rounds of ARC funding – well done!

- Jonathan George, School of Physical Sciences - Future Fellowship
- Bastian Llamas, School of Biological Sciences - Future Fellowship
- Christopher McDevitt, School of Biological Sciences - Future Fellowship
- Rebeca Gonzalez Suarez, joining the School of Physical Sciences - Future Fellowship
- Lee Arnold, Bob Hill, Liz Reed, Alan Cooper, Jeremy Austin, Mark Hutchinson, Nigel Spooner and partners - Linkage Project LP160101249
- Alan Collins, Juraj Farkas, Stijn Glorie, John Foden and partners - Linkage Project LP160101353
- Vlad Jiranek and the team from the ARC Training Centre for Innovative Wine Production for further funding as an ARC Industrial Transformation Training Centre
