

Workshop: The Strategic Researcher

Get thinking about your research career strategically and discover the tools to increase your productivity in this session with Hugh Kearns from ThinkWell.

Date: Friday 23 June 2017

Time: 11.30 AM – 2.30 PM (includes a light lunch)

Venue: Room 213/214, The Braggs, North Terrace Campus

Bookings: RSVP by 19 June 2017 via <https://rds-strategic-researcher-2017.eventbrite.com.au>.

For more information, please contact kelly.banwell@adelaide.edu.au.

Fulbright Scholarships – Now Open

The Australian-American Fulbright Commission offers Scholarships to Australian citizens across all career stages. Awardees take part in a bi-lateral academic and cultural exchange, pursuing research or study at a U.S. institution. The Program is one of the largest and most prestigious educational scholarship programs in the world. Applications are currently open for commencement in the U.S. between July 2018 and June 2019.

Applications close **1 August 2017**. For more information on the various Scholarships, eligibility criteria and application requirements, visit: www.fulbright.com.au/applicants/australian-applicants/

DVCR Support for ARC Linkage Development

To encourage submission of quality ARC Linkage applications, the DVCR has allocated some limited funds (up to \$2000 per proposal submitted to the ARC) to be disbursed by Faculties in 2017 for Linkage proposal development.

In determining allocations, the Faculty of Sciences will a) contact applicants with current draft applications on RMS to discuss options, and b) leverage off our existing Grant Development Program. Further information on the Grant Development Program for researchers who are intending to, but have not yet commenced, drafting a Linkage proposal is available at: www.sciences.adelaide.edu.au/research/research-support/grant-development/

Checklist for ARC Linkage Projects

Research Services have revised their internal checklist for ARC Linkage Projects. Researchers can take advantage of this checklist to ensure their own applications will get through internal review and to avoid the simple mistakes that can derail proposals.

You can find the checklist and other useful guides under 'Documents and Useful Information' here: www.adelaide.edu.au/research-services/funding/arc/linkage-projects/

NHMRC Changes

The NHMRC has announced changes to its grant funding program. The restructured program will comprise Investigator Grants, Synergy Grants, Ideas Grants and Strategic and Leveraging Grants. Limits will also be placed on the number of grants an individual researcher can apply for or hold. Research Services plan to hold information sessions shortly outlining the changes and will share the details as they come to hand. In the meantime, more information on the new grant structure can be found at: www.nhmrc.gov.au/restructure

Researcher Profile – FREE Professional Photograph

University staff directory pages are the top hit when you search online for many University of Adelaide researchers. Make sure this stays up to date and promotes you and your research in a visually engaging and user friendly way by switching to the new Researcher Profile. Here's how: <http://bit.ly/2rejPH2>. A professional photographer is available to capture your profile photo free of charge. Register via: <http://bit.ly/2r5w9ee>.

Awards and Prizes for South Australian Scientists

Inspiring South Australia has compiled a comprehensive list of STEM research, teaching, communication, journalism and arts awards for which South Australians are eligible to apply. Find the list here: <https://inspiringa.org.au/call-to-south-australians-to-apply-for-stem-awards/>

If you've ever thought about nominating, don't be shy! And if you know of someone deserving, consider nominating them.
