

Internal DVCR Funding Schemes Open for Applications via New eForm

The 2017 rounds of the following internal DVCR funding schemes are now open:

- Interdisciplinary Research Funding Scheme (for details see <http://bit.ly/2tVqWbU>)
- The University of Adelaide Research Fellowships (for details see: <http://bit.ly/2vWqwj0>)

Applications are to be submitted via the new Internal Fund Scheme (IFS) eForm accessed via ResearchMaster (RME6). Instructions for completing the eForm are provided at the links provided above, but please get in touch via kelly.banwell@adelaide.edu.au if you encounter any difficulties.

Funds Available For Support of ARC Linkage Submission

Limited funds are available to assist timely submission of quality ARC Linkage applications. These funds could be used for such things as engaging a grant writer/editor, progressing sign-off with industry partners, travel and meeting coordination etc.

An explicit pre-condition of the funds is actual submission to the ARC. If you believe such support could help you be in a position to complete and submit a proposal to the ARC before Friday 29th September, please make an appointment ASAP to discuss your case via kelly.banwell@adelaide.edu.au.

If you are at an earlier stage of formulating a Linkage proposal, you are strongly encouraged to participate in our Grant Development Scheme: www.sciences.adelaide.edu.au/research/research-support/grant-development/. Another round of funding is likely before year end and participation in this scheme will assist any subsequent case for support. Express your interest in participating via kelly.banwell@adelaide.edu.au.

Notification of Intent (NOI) Due Dates for ARC Schemes

Please take note of the following NOI submission dates for ARC schemes:

- **11 August 2017:** Laureate Fellowships (FL18), Future Fellowships (FT18) and Industrial Transformation Research Program (Centres IC18 & Hubs IH18).
- **15 September 2017:** Discovery Projects (DP19), Discovery Indigenous (DI19) and Discovery Early Career Researcher Award (DE19).

The funding rules for each of these schemes are expected to be released on Tuesday 1st August 2017. Visit the Research Services ARC funding page for dates, information and instructions for submitting an NOI: www.adelaide.edu.au/research-services/funding/arc/

Industry Engagement

We know many of our researchers work closely with industry, but that it often goes unnoticed. If you have recently embarked on a new industry engagement, we'd love to hear about it. Send a brief description to kelly.banwell@adelaide.edu.au

Updated Author Publication Affiliations and Acknowledgements Guidelines

When publishing their work, University of Adelaide researchers are required to ensure their affiliation is correctly listed and that appropriate acknowledgment is given for any support provided in undertaking that research. This is important for the accurate capture and measurement of research outputs and is also a requirement of the Australian Code for the Responsible Conduct of Research and of many major funding bodies.

Please take the time to read the recently updated guidelines available here: www.adelaide.edu.au/research-services/resources/policies/

Rhodes Scholarships – Applications Open

The Rhodes Scholarships for Australia provide opportunities for outstanding all-round students to undertake postgraduate study at the University of Oxford. Scholars are selected on the basis of their exceptional intellect, character, leadership and commitment to service.

For more information, see: <http://bit.ly/2vZrnP0>. Applications close on 14 September 2017.
