## 10 Big Questions - What is life?\*

### How mutations can cause disease:

Check out <http://nobelprize.org/> to learn more about the Nobel Prize winners and to watch Elizabeth's presentation on telomeres.

Also, if you want to learn more about how mutations can cause disease, check out this short video: <http://labcenter.dnalc.org/feature/DNAdamage-H.html>

This classroom activity was suggested by Tatiana Soares DaCosta – PhD student in the School of Molecular and Biomedical Science, University of Adelaide.
