

Pathway to major in Theoretical Physics

Year 1 / Level I (not more than 30 units)				
S1	# PHYSICS 1100 Physics IA	# MATHS 1011 Mathematics IA	** Approved Level I Elective	SCIENCE 1400 Science or Fiction I
S2	# PHYSICS 1200 Physics IB	# MATHS 1012 Mathematics IB	** Approved Level I Elective	Approved Level I Elective
Year 2 / Level II				
S1	PHYSICS 2510 Physics IIA	MATHS 2101 Multivariable & Complex Calculus	MATHS 2102 Differential Equations	Approved Level II Elective
S2	PHYSICS 2534 Electromagnetism II	PHYSICS 2532 Classical Physics II	PHYSICS 2520 Physics IIB	PHYSICS 2530 Astrophysics II
	*Global Experience: The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3.			
Year 3 / Level III (at least 24 units)				
S1	PHYSICS 3542 Physics III (6 units)		Approved Level III Elective	Approved Level III Elective
	*Global Experience: The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3.			
S2	PHYSICS 3544 Quantum Mechanics III	PHYSICS 3006 Advanced Dynamics & Relativity III	Approved Level III Elective	Approved Level III Elective

ALL COURSES ARE WORTH 3 UNITS UNLESS OTHERWISE SPECIFIED

Key

Core Course	Elective Course	Course for Major

Check [Course Planner](#) or with the Faculty of Sciences Office to ensure you meet the pre-requisites prior to enrolling into this course.

** Students who successfully complete CHEM 1101 and CHEM 1201 and who wish to continue their study of Chemistry at Level II will be required to undertake an additional course, CHEM 1312 Foundations of Chemistry IS during Summer School before commencing Level II Chemistry studies.

Complimentary Majors

The following majors are often pursued by students as well as the above major, as a complimentary field

- Chemistry
- Geology
- Geophysics & Applied Geology

Enrolment Advice

- It is your responsibility to ensure you are correctly enrolled. Enrolment into courses outside of the Study Plan and Enrolment Advice listed could affect your eligibility to graduate.
- A total of **72 units** are required to complete Bachelor of Science program.
- 24 units will usually be completed for each of Levels I, II and III.
- At least 24 units must be completed at Level III.
- A candidate may substitute an appropriate course chosen from Level II to fulfil the requirements of Level I, or from Level III to fulfil the requirements of Level I or II.
- There is a limitation on the amount of 'Non-Science' courses that can be presented. **Do not assume that because a course is offered through Sciences, that it automatically counts as 'Science'** (e.g. Animal Science courses). Please refer to your [Program Rules](#). If in doubt consult the Faculty Office for advice.
- No level III course may be used to meet the requirements of more than one major. (For example, if *Soil Ecology and Nutrient Cycling* is used to qualify for a *Soil Science* major, it cannot also be used to qualify for an *Ecology* Major).
- Please contact the Faculty of Sciences Office for advice.

Pathway to major in Theoretical Physics

Electives and Broadening

You must complete 9 units of Broadening courses at Level I or Level II.
Of these courses:

- A maximum of 6 units of courses can be chosen at Year 1 from other Faculties of the University

You must also complete Elective courses to fulfil the requirements of your Program:

- No courses at Year 3 can be chosen from other Faculties of the University
- Please refer to your Program Rules for electives and all other requirements <http://calendar.adelaide.edu.au/>
- For Faculty of Sciences electives, see our website: <http://sciences.adelaide.edu.au/degrees/courses/>
- For information about electives from other faculties, restrictions and pre-requisites, search the course planner: <https://access.adelaide.edu.au/courses/search.asp>

Variations for students who commenced in or prior to 2012

- Level III: Required to complete PHYSICS 3542 Physics III and either PHYSICS 3006 Advanced Dynamics and Relativity III or PHYSICS 3544 Quantum Mechanics III.

Global Experience

The University of Adelaide is committed to offering its students the opportunity to study overseas through a Global Learning Experience. This experience is available in a wide range of degrees and can include student exchange (for either one or two full semesters), study tours, internships and placements. There are many exciting opportunities in Europe, Asia, the Americas, Africa, and Oceania ranging from a few weeks to a full academic year.

* The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3. To find Global Learning opportunities available in your study area click [Global Experiences](#).
