

### Ramsay Fellowship Seminar

The Ramsay Fellowship was established in 2008 with a significant bequest from the Ramsay family to support outstanding young Australian scientists to return to Australia and enhance their potential as future scientific leaders.

Hear about the exciting research being undertaken by two of our current Ramsay Fellows, Dr Stephen Warren-Smith (Physical Sciences) and Dr Stephanie Watts-Williams (Agriculture, Food and Wine) in this open seminar. All welcome.

**Date:** Monday 11 December, 12 – 1 PM

**Venue:** Napier G04 Lecture Theatre

**RSVP:** by 8 December via [www.rfs2017.eventbrite.com.au](http://www.rfs2017.eventbrite.com.au)

### Early Stage Support for Major Grant Rounds

Stage 1 of the Faculty of Sciences Grant Review Scheme ([www.sciences.adelaide.edu.au/docs/research/fos-grant-review-scheme.pdf](http://www.sciences.adelaide.edu.au/docs/research/fos-grant-review-scheme.pdf)) offers support to those intending to submit an application to major ARC or NHMRC grant schemes (e.g. DP, Project) closing in early 2018. It is particularly aimed at those in the early stages of proposal development - a fully-formed proposal is not required to participate.

An internal panel of experienced advisors will provide immediate, constructive feedback and guidance on your proposal concept.

Those who wish to access this support are kindly asked to express their interest ASAP to [kelly.banwell@adelaide.edu.au](mailto:kelly.banwell@adelaide.edu.au).

### Strategic Partnerships Manager

Dr Monica Ogierman recently commenced as Strategic Partnerships Manager in the Sciences Research Development team. Monica's remit is building and growing our industry and end-user research linkages, and she is available to meet with researchers looking for support in this area. You can get in touch with Monica on 8313 6809 or via [monica.ogierman@adelaide.edu.au](mailto:monica.ogierman@adelaide.edu.au).

### Crowdfunding Expression of Interest Now Open

Crowdfunding is the increasingly popular practice of funding a project or campaign by soliciting relatively small donations or contributions of money from a large number of people, typically through a web-based platform.

Expressions of interest (EOI) are now open for University of Adelaide staff, students and affiliated titleholders wishing to develop a crowdfunding campaign. Selected projects will receive support from External Relations and Marketing and Communications to develop and run their campaigns. Projects supported must fit within the scope outlined in the University's Crowdfunding Policy: [www.adelaide.edu.au/policies/4263/](http://www.adelaide.edu.au/policies/4263/).

EOIs are to be lodged by eform in Research Master (RME6) by Wednesday 29 November 2017. For more information, see: [www.adelaide.edu.au/research-services/funding/crowdfunding/](http://www.adelaide.edu.au/research-services/funding/crowdfunding/)

### ARC Linkage Infrastructure Equipment and Facilities (LIEF) Applications

Research Services has recently released information regarding the submission process and timeline for ARC LIEF bids for funding commencing in 2019.

A Notification of Intent (NOI) is to be lodged by eform in Research Master (RME6) by COB, **Wednesday 6 December 2017**. Information on the process and the NOI template can be found at:

[www.adelaide.edu.au/research-services/funding/arc/lief/](http://www.adelaide.edu.au/research-services/funding/arc/lief/)

### Altmetric Explorer Training Sessions

Altmetric Explorer is a dashboard which aggregates online attention to the University's research publications, and to all tracked publications worldwide. It's now live and available for use by all academic, titleholder and professional staff at the University. Training sessions are available for researchers. For details and to book, visit: <https://training.adelaide.edu.au/courses/19159> (The December 5 session will focus on Sciences examples.)
