**Research Bulletin | March 2018**

## Awards Open Now

We strongly support and encourage our researchers to nominate (or be nominated) for the following prestigious awards.

Those interested can contact Dale Godfrey for support.

### Prime Minister's Prizes for Science

Awards (\$50,000-\$250,000 each) across various categories in research, innovation and science teaching (Primary and Secondary).

For eligibility criteria and more information, see: [www.business.gov.au/Assistance/Inspiring-Australia-Science-Engagement/Prime-Ministers-Prizes-for-Science](http://www.business.gov.au/Assistance/Inspiring-Australia-Science-Engagement/Prime-Ministers-Prizes-for-Science)

Applications close **26 March 2018**

### Young Tall Poppy Awards

Awards for excellence in early career research across all the sciences, alongside a passion and capacity to communicate science to the community.

For eligibility criteria and more information, see: [www.aips.net.au/tall-poppies/nominations](http://www.aips.net.au/tall-poppies/nominations)

Information session: Tuesday 6 March at 9.30 am, Ligertwood room 316.

Applications close **9 April 2018**

### Australian Academy of Sciences Honorary Awards

Recognise distinguished research across a wide range of fields from early-career through to life-long achievement.

For eligibility criteria and more information, see: [www.science.org.au/opportunities-scientists/recognition/honorary-awards](http://www.science.org.au/opportunities-scientists/recognition/honorary-awards)

Applications close **1 May 2018**

### Australian Museum Eureka Prizes

Awards (\$10,000 each) across various categories in research and innovation, leadership, science engagement, and school science.

For eligibility criteria and more information, see: [www.australianmuseum.net.au/eurekaprizes](http://www.australianmuseum.net.au/eurekaprizes)

Applications close **4 May 2018**

## 2018 Researcher Development Series

### Winning Industry-Linked Grants

How do you shape a vague idea into a project suitable for industry collaboration, and then turn it into a winning industry-linkage grant? Our experts will map out pathways to success and provide details of the support available to help you along the way.

North Terrace	Roseworthy	Waite
16 March	20 March	21 March
11 am - 12.30 pm	10 - 11.30 am	11 am - 12.30 pm
The Braggs 214	Veterinary Science G02	Charles Hawker G22

RSVP: <https://rds2018-industry-grants.eventbrite.com.au>

Participants are encouraged to bring along their own industry collaboration ideas for discussion and development.

### Quick Guides for Contracts and Consulting

Research & Business Partnerships (RBP) now provide a number of quick reference guides and tools to support researchers undertaking contract research and consulting. Information about costing a project, data management, limited agreements, and the details of RBP clinics where you can seek assistance can be found in the 'Quickguides' menu at:

[www.adelaide.edu.au/research-services/industry](http://www.adelaide.edu.au/research-services/industry)

### Nuclear Science Research Internship

Applications are now open for the Scholarship AINSE ANSTO French Embassy (SAAFE) Research Internship Program.

The program supports PhD students to expand research and innovation activities within the fields of Human Health, Environment and Nuclear Fuel Cycle, and to initiate sustainable research networks and linkages in support of Australian and French research and innovation.

Research internships supported through SAAFE require an international mobility of students from Australia to France or from France to Australia.

For more information and to apply, visit [www.ainse.edu.au/grad\\_students2/saafe\\_research\\_internship\\_program](http://www.ainse.edu.au/grad_students2/saafe_research_internship_program)

Applications close **1 May 2018**
