10 Big Question: How did the Universe begin?

## The Mystery of Dark Matter

The Perimeter Institute for Theoretical Physics has put together a short video game to demonstrate how dark matter balances the universe. In the game, you add and subtract the components of the universe to see their effect its behaviour.

To play the game visit:

> [www.perimeterinstitute.ca/outreach/teachers/multimedia-resources/mystery-dark-matter-video-game](http://www.perimeterinstitute.ca/outreach/teachers/multimedia-resources/mystery-dark-matter-video-game)

Also on this website are some worksheets to test your new knowledge.
