	OR *Global Experience: <b>APP BIOL 2512WT</b> <i>Study Abroad in Applied Biology II</i> The Faculty of Sciences recommends students completing a Bachelor of Applied Biology who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2.		
Year 3 / Level III (at least 24 units)			
S1	<b>APP BIOL 3560WT</b> <i>Research Practice for Applied Biology III (6 units)</i>	# Choose TWO of: ¥ <b>PLANT SC 3500WT</b> <i>Biotechnology in the Food &amp; Wine Industries III</i> <b>FOOD SC 3550WT</b> <i>Brewing Technology &amp; Beer Production III</i> <b>PLANT SC 3510WT</b> <i>Plant Health III</i> <b>PLANT SC 3200WT</b> <i>Plant Breeding III</i>	
S2	<b>APP BIOL 3550WT</b> <i>Professional Practice for Applied Biology III (6 units)</i>	<b>PLANT SC 3530WT</b> <i>Plant Production and Global Climate Change III</i>	<b>PLANT SC 3515WT</b> <i>Plant Biotechnology III</i>

ALL COURSES ARE WORTH 3 UNITS UNLESS OTHERWISE SPECIFIED

## Key

<b>Core Course</b>	Elective Course	Course for Major
--------------------	-----------------	------------------

# Check [Course Planner](#) or with the Faculty of Sciences Office to ensure you meet the pre-requisites prior to enrolling into these courses.

† Students who successfully complete CHEM 1101 Foundations of Chemistry IA and CHEM 1201 Foundations of Chemistry IB and who wish to continue their study of Chemistry at Level II will be required to undertake an additional course, CHEM 1312 Foundations of Chemistry IS during Summer School before commencing Level II Chemistry studies.

~ Students who were unsuccessful in completing BIOLOGY 1101 Biology I: Molecules, Genes & Cells or BIOLOGY 1401 Concepts in Biology have the opportunity to undertake BIOLOGY 1001 Fundamentals of Biology in Term 4 and Summer School before commencing Level II courses

^ Students who have previously attempted, but not passed, CHEM 1100 Chemistry IA or CHEM 1200 Chemistry IB in the preceding academic year and have attended and completed all practicals may alternatively complete CHEM 1310 Chemistry IA (S) or CHEM 1311 Chemistry IB (S) in Summer school.

¥ PLANT SC 3500WT Biotechnology in the Food and Wine Industries III is incompatible with PLANT SC 2520WT Microbiology and Biotechnology II

# Faculty of Sciences

## 2019 Study Plan

### Bachelor of Applied Biology (Major in Plant Product Innovation)

Last updated: 30 April 2019

#### Majors

Students must complete a major in one of the following areas:

- Plant Product Innovation
- Biochemistry
- Genetics
- Microbiology & Immunology

#### Enrolment Advice – General

- It is your responsibility to ensure you are correctly enrolled. Enrolment into courses outside of the Study Plan and Enrolment Advice listed could affect your eligibility to graduate.
- A total of **72 units** are required to complete the Bachelor of Applied Biology program.
- No more than 30 units of courses can be completed at Level I.
- At least 24 units of Science courses must be completed at Level III.
- Please consult your [Program Coordinator](#) or contact the Sciences Service Hub for advice.

#### Enrolment Advice – Courses

- The following courses cannot be presented towards the Bachelor of Applied Biology:
  - ANAT SC 1102 Human Biology IA
  - ANAT SC 1103 Human Biology IB
  - COMP SCI 1003 Internet Computing

#### Global Experience

The University of Adelaide is committed to offering its students the opportunity to study overseas through an International Experience. This experience is available in a wide range of degrees and can include student exchange (for either one or two full semesters), study tours, internships and placements. There are many exciting opportunities in Europe, Asia, the Americas, Africa, and Oceania ranging from a few weeks to a full academic year.

\* The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Level 2 of Semester 2. To find opportunities available in your study area please consult your [Program Coordinator](#) or click [Study Overseas](#).

#### Electives and Broadening

You may complete up to 9 units of 'Non-Science' elective courses at Level I or Level II. Of these courses, a maximum of 6 units can be chosen at Level I from other Faculties of the University. Note that no courses at Level III can be chosen from other Faculties of the University

You must complete Elective courses to fulfil the requirements of your Program: Please refer to your Program Rules for electives and all other requirements <https://calendar.adelaide.edu.au/faculty/sciences>

For information about electives from other faculties, course restrictions and pre-requisites, search the course planner: <https://access.adelaide.edu.au/courses/search.asp>
