Check [Course Planner](#) or with the Sciences Service Hub to ensure you meet the pre-requisites prior to enrolling into these courses.

~ Students who were unsuccessful in completing BIOLOGY 1101 Biology I: Molecules, Genes & Cells have the opportunity to undertake BIOLOGY 1001 Fundamentals of Biology in Summer School before commencing Level II courses

Students are expected to complete a total of 12 weeks (where 1 week is equivalent to a minimum of 40 hours over 5 working days) of Extra Mural Studies, including satisfactorily completing all associated assessment items before the end of mid-semester break of Level III of the program.

Enrolment Advice

- It is your responsibility to ensure you are correctly enrolled. Enrolment into courses outside of the Study Plan and Enrolment Advice listed could affect your eligibility to graduate.
- A total of 72 units are required to complete the Bachelor of Sciences (Veterinary Bioscience) program.
- 24 units must be completed for each of Levels I, II and III.
- Students must also complete a total of 12 weeks work based training/extra mural studies.
- Please consult your [Program Coordinator](#) or contact the Sciences Service Hub for advice.
- Please refer to your Program Rules:
