

Pathway to major in Evolutionary Biology

| Year 1 / Level I (not more than 30 units) | | | | |
|---|--|--|---|---|
| S1 | †~ BIOLOGY 1101 Biology I: Molecules, Genes & Cells OR †~ BIOLOGY 1401 Concepts in Biology | ** Approved Level I Elective | Approved Level I Elective | SCIENCE 1300 Principles & Practice of Research (Advanced) I |
| S2 | † BIOLOGY 1201 Biology I: Human Perspectives OR † BIOLOGY 1202 Biology I: Organisms | ** Approved Level I Elective | Approved Level I Elective | Approved Level I Elective |
| Year 2 / Level II | | | | |
| S1 | ¥ ENV BIOL 2500 Botany II | # ¥ ENV BIOL 2503 Zoology II | Approved Level II Elective | Approved Level II Elective |
| S2 | ¥* ENV BIOL 2501 Evolutionary Biology II | ENV BIOL 2502 Ecology II | ENV BIOL 2510 Plant Identification II | SCIENCE 2300 Principles & Practice of Research (Adv) II [or Semester 1] |
| *Global Experience: The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3. | | | | |
| Year 3 / Level III (at least 24 units) | | | | |
| S1 | ¥^ ENV BIOL 3535 Research Methods in Evolutionary Biology III | # ENV BIOL 3011 Evolution & Diversity of Insects III | Approved Level III Elective | Approved Level III Elective |
| *Global Experience: The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3. | | | | |
| S2 | ¥* ENV BIOL 3560 Evolution of Australian Biota III | Approved Level III Elective | Approved Level III Elective | SCIENCE 3100 Principles & Practice of Research (Adv) III |
| Year 4/ Level IV (24 units) | | | | |
| Courses to the value of 24 units, chosen from the Bachelor of Science (Honours) . A Research Pathway or Professional Pathway must be chosen in a specialisation area. | | | | |

ALL COURSES ARE WORTH 3 UNITS UNLESS OTHERWISE SPECIFIED

Key

| | | |
|--------------------|-----------------|------------------|
| Core Course | Elective Course | Course for Major |
|--------------------|-----------------|------------------|

Check [Course Planner](#) or with the Sciences Service Hub to ensure you meet the pre-requisites prior to enrolling into courses.

** Students who successfully complete CHEM 1101 Foundations of Chemistry IA and CHEM 1201 Foundations of Chemistry IB and who wish to continue their study of Chemistry at Level II will be required to undertake an additional course, CHEM 1312 Foundations of Chemistry IS during Summer School before commencing Level II Chemistry studies.

~ Students who were unsuccessful in completing BIOLOGY 1101 Biology I: Molecules, Genes & Cells or BIOLOGY 1401 Concepts in Biology have the opportunity to undertake BIOLOGY 1001 Fundamentals of Biology in Summer School before commencing Level II courses.

† BIOLOGY 1101 Biology I: Molecules, Genes & Cells or BIOLOGY 1401 Concepts on Biology & BIOLOGY 1201 BIOLOGY I: Human Perspectives or BIOLOGY 1202 Biology I: Organisms are listed as assumed knowledge for ENV BIOL 2501 Evolutionary Biology II.

¥ ENV BIOL 2500 Botany II, ENV BIOL 2503 Zoology II and ENV BIOL 3535 Research Methods in Evolutionary Biology are listed as assumed knowledge for ENV BIOL 3560 Evolution of Australian Biota III.

*ENV BIOL 2501 Evolutionary Biology is listed as a pre-requisite for ENV BIOL 3560 Evolution of Australian Biota

ENV BIOL 2503 Zoology II is listed as assumed knowledge for ENV BIOL 3011 Evolution & Diversity of Insects III.

^ ENV BIOL 3530 is incompatible with ENV BIOL 3535 (Research Methods in Evolutionary Biology III)

Pathway to major in Evolutionary Biology

Complementary Majors

The following majors are often pursued by students as well as the above major, as a complementary field:

- Genetics
- Ecology
- Geology
- Microbiology & Immunology
- Soil Science

Enrolment Advice – General

- It is your responsibility to ensure you are correctly enrolled. Enrolment into courses outside of the Study Plan and Enrolment Advice listed could affect your eligibility to graduate.
- A total of **96 units** are required to complete Bachelor of Science (Advanced) (Honours) Direct Entry program.
- No more than 30 units of courses can be completed at Level I.
- At least 24 units of Science courses must be completed at Level III.
- 24 units of courses at level IV must be completed which will include a Research or Professional pathway taken from a specialisation area in the Bachelor of Science (Honours).
- A candidate may substitute an appropriate course chosen from Level II to fulfil the requirements of Level I, or from Level III to fulfil the requirements of Level I or II.
- There is a limitation on the amount of 'Non-Science' courses that can be presented. **Do not assume that because a course is offered through Sciences, that it automatically counts as 'Science'** (e.g. Animal Science courses). Please refer to your [Program Rules](#).
- Please consult your [Program Coordinator](#) or contact the Sciences Service Hub for advice

Enrolment Advice – Courses

- Only ONE of BIOLOGY 1201 Biology I: Human Perspectives or BIOLOGY 1202 Biology I: Organisms may be presented towards the Bachelor of Science.
- The following course cannot be presented towards the Bachelor of Science:
 - COMP SCI 1003 Internet Computing

Electives and Broadening

You may complete up to 9 units of 'non-science' elective courses at Level I and/or Level II. Of these courses a maximum of 6 units can be chosen at Level I. Please refer to your Program Rules for electives and all other requirements, including details on how to meet broadening experience <https://calendar.adelaide.edu.au/faculty/sciences>

For information about electives from other Faculties, course restrictions and pre-requisites, search the course planner:

<https://access.adelaide.edu.au/courses/search.asp>

Global Experience

The University of Adelaide is committed to offering its students the opportunity to study overseas through an International Experience. This experience is available in a wide range of degrees and can include student exchange (for either one or two full semesters), study tours, internships and placements. There are many exciting opportunities in Europe, Asia, the Americas, Africa, and Oceania ranging from a few weeks to a full academic year.

* The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3. To find opportunities available in your study area click [Study Overseas](#).
