

Pathway to major in Theoretical Physics

Year 1 / Level I (not more than 30 units)				
S2	# ^ PHYSICS 1200 Physics IB	# MATHS 1011 Mathematics IA	** Approved Level I Elective	Approved Level I Elective
Summer	# PHYSICS 1100 Physics IA	# MATHS 1012 Mathematics IB		
	PHYSICS 2510 Physics IIA	MATHS 2101 Multivariable & Complex Calculus II	MATHS 2102 Differential Equations II	SCIENCE 1400 <i>Science or Fiction I</i>
S1				
Year 2 / Level II				
S2	PHYSICS 2534 Electromagnetism II	PHYSICS 2532 Classical Physics II	PHYSICS 2520 Physics IIB	PHYSICS 2530 Astrophysics II or Approved Level I or Level II Elective
S1	PHYSICS 3542 Physics III (6 units)		Approved Level I or Level II Elective	Approved Level I or Level II Elective
	*Global Experience: The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3.			
Year 3 / Level III (at least 24 units)				
S2	PHYSICS 3544 Quantum Mechanics III	PHYSICS 3006 Advanced Dynamics and Relativity III	Approved Level III Elective	Approved Level III Elective
	*Global Experience: The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3.			
S1	Approved Level III Elective	Approved Level III Elective		
Year 4/ Level IV (24 units)				
	Courses to the value of 24 units, chosen from the Bachelor of Science (Honours) . A Research Pathway or Professional Pathway must be chosen in a specialisation area.			

ALL COURSES ARE WORTH 3 UNITS UNLESS OTHERWISE SPECIFIED

Key

Core Course	Elective Course	Course for Major
--------------------	-----------------	------------------

^ Students commencing mid-year need to have completed SACE Stage 2 Physics, Maths Methods & Specialist Maths

Check [Course Planner](#) or with the Faculty of Sciences Office to ensure you meet the pre-requisites prior to enrolling into these courses.

** Students who successfully complete CHEM 1101 Foundations of Chemistry IA and CHEM 1201 Foundations of Chemistry IB and who wish to continue their study of Chemistry at Level II will be required to undertake an additional course, CHEM 1312 Foundations of Chemistry IS during Summer School before commencing Level II Chemistry studies.

Enrolment Advice – General

- It is your responsibility to ensure you are correctly enrolled. Enrolment into courses outside of the Study Plan and Enrolment Advice listed could affect your eligibility to graduate.
- A total of 96 units are required to complete Bachelor of Science (Honours) Direct Entry program.
- No more than 30 units of courses can be completed at Level I.
- At least 24 units of Science courses must be completed at Level III.
- 24 units of courses at level IV must be completed which will include a Research or Professional pathway taken from a specialisation area in the Bachelor of Science (Honours).
- A candidate may substitute an appropriate course chosen from Level II to fulfil the requirements of Level I, or from Level III to fulfil the requirements of Level I or II.
- There is a limitation on the amount of 'Non-Science' courses that can be presented. **Do not assume that because a course is offered through Sciences, that it automatically counts as 'Science'** (e.g. Animal Science courses). Please refer to your [Program Rules](#).

Pathway to major in Theoretical Physics

Complementary Majors

The following majors are often pursued by students as well as the above major, as a complementary field

- Chemistry
- Geology
- Geophysics

Enrolment Advice – Courses

- Only ONE of BIOLOGY 1201 Biology I: Human Perspectives or BIOLOGY 1202 Biology I: Organisms may be presented towards the Bachelor of Science.
- The following courses cannot be presented towards the Bachelor of Science:
 - COMP SCI 1003 Internet Computing

Electives and Broadening

You may complete up to 9 units of 'non-science' elective courses at Level I and/or Level II. Of these courses a maximum of 6 units can be chosen at Level I. Please refer to your Program Rules for electives and all other requirements, including details on how to meet broadening experience <https://calendar.adelaide.edu.au/faculty/sciences>

For information about electives from other Faculties, course restrictions and pre-requisites, search the course planner: <https://access.adelaide.edu.au/courses/search.asp>

- No level III course may be used to meet the requirements of more than one major. (*For example, if Soil Ecology and Nutrient Cycling is used to qualify for a Soil Science major, it cannot also be used to qualify for an Ecology Major*).
- Please consult your [Program Coordinator](#) or contact the Sciences Service Hub for advice.

Global Experience

The University of Adelaide is committed to offering its students the opportunity to study overseas through an International Experience. This experience is available in a wide range of degrees and can include student exchange (for either one or two full semesters), study tours, internships and placements. There are many exciting opportunities in Europe, Asia, the Americas, Africa, and Oceania ranging from a few weeks to a full academic year.

* The Faculty of Sciences recommends students who want to undertake an exchange in an overseas university plan to go in Semester 2 of Level 2 and/or Semester 1 of Level 3. To find opportunities available in your study area click [Study Overseas](#).
